

Ways to Engage at FSC

Greek Recruitment Sign Up

It's not too late to sign up for fraternity and sorority recruitment. Greek life is about much more than social events—it's a community built on friendship, leadership, service, and personal growth. Members have opportunities to get involved on campus, participate in philanthropy and service projects, develop leadership skills, and build strong connections that often last well beyond college. Recruitment gives you the chance to meet members from different organizations, learn about their values and traditions, and see how Greek life can support your academic, social, and personal goals. Even if your student is unsure, signing up now keeps the door open to discovering whether this supportive and engaging community is right for them.

Orientation Leader Application

Becoming an orientation leader is a rewarding opportunity to make a positive impact on new students while developing valuable leadership skills. Orientation leaders serve as guides, mentors, and resources, helping incoming students transition into college life by answering questions, building connections, and creating a welcoming environment. Through this role, you gain experience in communication, teamwork, and problem-solving, while also forming strong friendships with fellow leaders and staff. It's a chance to give back to your campus community, grow personally and professionally, and play a key role in helping new students feel confident and excited about starting their college journey.

Applications open on Engage **January 26** for returning orientation leaders and **February 4** for new orientation leaders.
